Minutes from the November Meeting:

Secretary Doug Watt, presented the minutes from the October meeting, as recorded by Carl Christiansen. A motion to accept the minutes as read was made by John Tiene, and seconded by Tim Kuser.

Correspondence: Letters from the AACA National and the AACA Library were received. Each letter seemed to point a "finger" at the other, for continuing the rift between the two organizations.

A letter from AACA National was received with the insurance rider form that needs to be filed with National prior to each Club display. When this form is in place with National, liability insurance will be in place for our event.
