Scholarship Report

A scholarship report was not presented at the October meeting.

The current status of the Scholarship Program (not presented at the Club meeting):

The 2016 Scholarship program is active. Doug Watt is in communication with the Director of Education, Trish Devine, at the Automotive Training Center. Doug noted that he will not be in attendance at the October and November Club meetings. Trish said that the revised timing of the Awards Ceremony actually works well for the ATC Staff this year. She noted that the teaching staff is going through an accreditation program this year, and is quite busy as a result. Trish will solicit the scholarship applications for the group of candidates meeting the requirements of our program before the end of November. The candidates will be evaluated based of the criteria:

The applicants reside in New Jersey,
maintain good grades,
have high attendance at the school,
prepare an essay as to why they should be selected for the scholarship,
and have need for the scholarship.

Doug will review each application package and prepare a ranking of the candidates. Doug will present a report to the Club at the December meeting and make a recommendation to the

members for the two candidates most deserving our scholarship awards.

New this year, the club will also award the selected candidates with a one-year membership to the AACA National and a one-year membership in our Local Section.

To keep the awards ceremony in 2016, Doug has proposed that Trish choose the date of the awards ceremony between December 13 and December 16. I will announce the selected date the Club at the December meeting.

While I was not in attendance, historically, President Jim Spence will request a report from the Officer Selection Committee on their progress for nominating the Club's Officers and Directors for 2017.
